Roehampton Sports Ground Estate — Third Space demise and access routes

Principal Plans GIA outlines on the Warner Surveys topographic survey, north up. One parcel round the buildings, their grounds and the pitch, following the field edge, the estate road and the Tennis Centre fence; to fix on the CAD.

KEY POINTS

1. **Pavilion front door**
   Third Space's second entrance
2. **Sports Club west door**
   Third Space's main entrance (2004 and 2007 consents)
3. **Gate 2 · Bank Lane timber gates · Third Space**
   Into car park A; on foot round the east side of the squash courts
4. **Gate 1 · Bank Lane barrier · residents and grounds**
   Up the west side of The Grange to its forecourt and car park B
5. **2G astro pitch · Third Space**
   Fenced pitch with a 5 m strip for seating and access, in the demise
6. **Car park A · 150 Third Space spaces in bordeaux**

8. **Squash Courts · excluded**
   Stay with the All England Club, 3,233 sq ft
9. **Temporary pavilion · excluded**
   Thin-walled block, link and porch at the north end of the Pavilion, 4,778 sq ft; stays with

Third Space demise, dashed bordeaux, one parcel: the Sports Club and permanent Pavilion with the garden and forecourt on the west, the grounds east and south of the Sports Club to the Tennis Centre fence, and the 2G astro pitch

The Grange, residential conversion (Related underwriting): outside this demise, shown for the access split only

Squash Courts and the temporary pavilion, hatched: outside the Third Space demise, kept by the Club

2G astro pitch as fenced on the survey, c. 98 m × 61 m

Bays: the 150 Third Space spaces in bordeaux, the 30 residents' spaces in stone, the 18 spare in grey

Third Space: cars in at Gate 2 to car park A by right (not demised); on foot round the east side of the squash courts to the two doors, and across to the pitch

Residents: cars in at Gate 1, up the west side of The Grange to its forecourt and car park B, never through car park A

Everything outside the dashed lines stays with the landlord and the Club's new lease: fields, hard courts, car parks (subject to the parking rights), marquee areas. Both gates exist; neither is widened.

Third Space demise — the Sports Club and the whole Pavilion; temporary pavilion and squash to the Club

Measured from the Principal Plans GIA outlines (September 2019); building totals match Knight Frank's schedule. Bordeaux = Third Space: the Sports Club and the whole permanent Pavilion. Nectar = the Squash Courts, excluded. Hatched = the long-standing temporary pavilion at the north end with i

Areas, sq ft GIA	**sq ft**
Sports Club, all four levels (schedule, matches Knight Frank)	32,377
Pavilion ground floor less the temporary pavilion	16,075
Pavilion first floor and roof terrace (schedule)	9,454
Pavilion basement (schedule)	2,239

Third Space total, base case	**60,142**
Squash Courts, excluded (schedule)	3,233
Temporary pavilion at the north end, kept by the Club	4,778

No split of the permanent buildings. The temporary pavilion, its link passage and its porch are cut off along their own thin-walled outline on the GIA plan and stay with the Club, so the hall's south-west corner stays in the demise and the Pavilion is let whole. Third Space get both existing entrances, the Sports Club's west door and the Pavilion's main door. The Squash Courts are a separate building and are excluded. Principal Plans to confirm the temporary pavilion area from the CAD before pricing.

Grounds east and south of the Sports Club Lawn, paddling pool and the wooded strip down to the pitch	to the Tennis Centre fence and the eastern boundary

PARKING, NOT DEMISED

150 spaces in car park A by right, out of 162 marked bays. The remaining bays and car park B are the landlord's. Car park A is reached from **Gate 2**, the timber gates on Bank Lane.

ENTRANCES

Main entrance: the Sports Club west door, an existing entrance with canopy and ramps (2004 and 2007 consents), reached on foot from car park A round the east side of the squash courts.

Second entrance: the Pavilion front door on the garden side, within the demise.

Pitch: within the demise, across the grounds from the Sports Club.

EXCLUDED

Squash Courts, 3,233 sq ft, a separate building, hatched on the plans. **Temporary pavilion**, 4,778 sq ft, the thin-walled block, link passage and porch at the north end of the Pavilion, hatched; cut along its own outline so the hall's south-west corner stays in the demise. Both remain with the All England Club. Car parks A and B, the playing fields, The Grange and the National Tennis Centre are all outside.

BASIS

Building areas measured from the Principal Plans GIA drawings (September 2019); building totals agree with Knight Frank's schedule. The external boundary is drawn on the Warner Surveys topographic survey and is good to about 3 to 5 m; to be fixed on the CAD before a lease plan. Nothing in the demise needs planning: existing buildings, existing entrances, existing hardstanding.
