PLANNING

The site lies within the administrative boundary of the London Borough of Wandsworth and is not subject to any statutory listing, nor is it located within a Conservation Area. It is however designated as Metropolitan Open Land, which affords a high level of policy protection.

Planning considerations are primarily governed by the Wandsworth Local Plan (2023-2038), and partial review (2026), as well as the London Plan (2021). Of particular relevance is Policy LP54 (Open Space, Sport and Recreation), which strongly resists the loss of sports pitches, playing fields, indoor sports facilities, and land last used for outdoor sport.

Notwithstanding the above, the Bank of England is submitting a Permitted Development Rights application, providing the opportunity to convert The Grange to residential use.

The site is also subject to the consented erection of marquees, grandstands and other temporary facilities for use in connection with the annual Wimbledon Qualifying Competition each year.

A detailed planning summary and technical documents relating to the PD application are available within the data room.
