The independent reports and information contained within this data room have been commissioned and compiled by Gerald Eve and have not been separately verified by the Bank of England

Gerald Eve LLP

Gerald Eve LLP is a limited liability partnership registered in England and Wales (registered number OC339470) and is regulated by RICS.
The term partner is used to refer to a member of Gerald Eve LLP or an employee or consultant with equivalent standing and qualifications.
A list of members and non-members who are designated as partners is open to inspection at our registered office; 72 Welbeck Street, London W1G 0AY and on our website.

Environmental Risk Assessment: **SPORTS GROUND BANK OF ENGLAND SPORTS GROUND, BANK LANE, LONDON, SW15 5JQ**

This report is brought to you by Groundsure, a leading environmental consultancy and is based on the professional review of pertinent data associated with the property and surrounding area.

Conclusions

Based on information gathered the property is considered to be:-

Acceptable Environmental Risk. (for banking security)

Does the property represent Acceptable Banking Security from an environmental risk perspective?	Yes
Is there a risk of statutory (e.g. Part 2A EPA 1990) or third party action being taken against the site?	Unlikely
Is there a risk that the property value may be impacted due to environmental liability issues?	Unlikely
What is the potential for environmental risk associated with property ownership i.e. that a prudent purchaser may wish to consider further?	Low - Moderate

Whilst the property has been identified to comprise acceptable banking security, some environmental issues may reside with the site associated with the historical and current land use on site. Low to moderate risk issues may have some potential to be raised as concerns in the future at the point of forward sale. Good environmental management at the property moving forward will assist in ensuring the avoidance of potential future environmental liability issues.

Additional Information

As the site lies within or in close proximity to an area with a High risk rating in the RoFRaS database, a prudent purchaser may wish to consider reducing the impact of flooding at the property by installing flood protection measures. Such measures may help reduce the effects of flooding at the property if flood defences are absent or are breached, and may assist in obtaining insurance for the site. Furthermore, it is recommended that anyone living within an area at High risk signs up to the Environment Agency/Natural Resources Wales's Flood Warning Scheme on 0345 988 1188 or at www.environment-agency.gov.uk.

[1]This report is provided for the benefit of the lender, the Bank's customer and (where appropriate) their appointed Chartered Surveyor as part of a commercial property valuation. Reliance by additional parties is done so at their own risk and Groundsure Ltd (Groundsure) has no legal obligation under such circumstances. This report is primarily designed to provide a basic environmental risk assessment associated with Banking Security arrangements, with an opinion provided through an automated risk algorithm. A prudent purchaser, and his legal advisers in respect of the Law Society Warning Card on Contaminated Land, may wish to make more detailed enquiries. The risk assessment is based upon the data sets contained within the report and information provided to Groundsure by the appointed Chartered Surveyor. No site inspection, site investigation or direct regulatory consultations have been undertaken or considered in this report. The Terms and Conditions and the User Guide detailing the risk assessment methodology underlying this report are available from Groundsure.

7. Flood Risk			
What is the Risk of Flooding from Rivers and the Sea (RoFRaS) for the study site?	High	-	-
Has the site been subject to past flooding as recorded by the Environment Agency/Natural Resources Wales?	No	-	-

In the process of ordering this report the following questions were answered as detailed below:

What is the current use of the site?	Commercial - Other
What is the intended use of the site?	Commercial - Other
Are you aware of any intention to redevelop the site? (e.g. will intrusive works be undertaken i.e. new build, not refurbishment)	unknown
Is there any significant bulk fuel or chemical storage contained within underground storage tanks etc (excluding septic tanks / LPG tanks)?	unknown
Distance to the nearest surface water feature:	Adjacent
Distance to the nearest residential property:	Adjacent

1.Historical Industrial Sites

1.1 Potentially Contaminative Uses identified from High Detail (1:10,000 scale) Mapping

The systematic analysis of data extracted from standard 1:10,560 and 1:10,000 scale historical maps provides the following information:

Records of sites with a potentially contaminative past land use within 250m of the search centre: 19

The following records are not represented on Mapping:

Distance [m]	Direction	Use	Date
0.0	On Site	Unspecified Heap	1948
0.0	On Site	Unspecified Ground Workings	1938
0.0	On Site	Nurseries	1895

RoFRaS Rating

Very Low

Low

Medium

High

7.Flooding

7.1 Environment Agency/Natural Resources Wales Risk of Flooding from Rivers and the Sea (RoFRaS)

What is the highest risk of flooding onsite? High

RoFRaS data for the study site indicates the property or an area within 25m has a High (1 in 30 or greater) chance of flooding in any given year.

A number of major insurance companies refer to this information within their risk model, although they may also utilise additional information such as claims histories, which may further influence their decision. Where a High risk of flooding is identified flood risk insurance may be difficult to obtain without further work being undertaken. Property owners of sites within Low and Medium risk areas are still considered to be at risk of flooding and insurance premiums may be increased as a result. Owners of properties within Low, Medium and High risk areas, are advised to sign up to the Environment Agency/Natural Resources Wales's Flood Warning scheme

Any relevant data within 250m is represented on Map 7– RoFRaS Flooding.

The following floodplain records are searched up to 50m:

ID	Distance [m]	Direction	RoFRaS flood Risk
1	0.0	On Site	High
2	0.0	On Site	Medium
3	0.0	On Site	Medium

21H	49.0	SW	Medium
22F	50.0	W	Medium
23	50.0	NE	Medium

7.2 Historic Flood Outlines

Has the site been subject to historic flooding as recorded by the Environment Agency/Natural Resources Wales? No

This database shows the individual footprint of every flood event recorded by the Environment Agency/Natural Resources Wales and previous bodies. Absence of a historic flood event outline does not mean the site has never flooded, and a record of a flood event at the site does not necessarily mean that the site will flood again.

Search Code

IMPORTANT CONSUMER PROTECTION INFORMATION

This search has been produced by Groundsure Ltd, Sovereign House, Church Street, Brighton, BN1 1UJ. Tel: 08444 159 000. Email: info@groundsure.com which is registered with the Property Codes Compliance Board (PCCB) as a subscriber to the Search Code. The PCCB independently monitors how registered search firms maintain compliance with the Code.
The Search Code:

·provides protection for homebuyers, sellers, estate agents, conveyancers and mortgage lenders who rely on the information included in property search reports undertaken by subscribers on residential and commercial property within the United Kingdom

·sets out minimum standards which firms compiling and selling search reports have to meet

·promotes the best practice and quality standards within the industry for the benefit of consumers and property professionals

·enables consumers and property professionals to have confidence in firms which subscribe to the code, their products and services.

By giving you this information, the search firm is confirming that they keep to the principles of the Code. This provides important protection for you.

The Code's core principles

Firms which subscribe to the Search Code will:

·display the Search Code logo prominently on their search reports
·act with integrity and carry out work with due skill, care and diligence
·at all times maintain adequate and appropriate insurance to protect consumers
·conduct business in an honest, fair and professional manner
·handle complaints speedily and fairly
·ensure that products and services comply with industry registration rules and standards and relevant laws
·monitor their compliance with the Code

COMPLAINTS

If you have a query or complaint about your search, you should raise it directly with the search firm, and if appropriate ask for any complaint to be considered under their formal internal complaints procedure. If you remain dissatisfied with the firm's final response, after your complaint has been formally considered, or if the firm has exceeded the response timescales, you may refer your complaint for consideration under The Property Ombudsman scheme (TPOs). The Ombudsman can award compensation of up to £5,000 to you if they find that you have suffered actual loss as a result of your search provider failing to keep to the Code.

Please note that all queries or complaints regarding your search should be directed to your search provider in the first instance, not to TPOs or to the PCCB.

TPOs Contact Details:

The Property Ombudsman scheme
Milford House
43-55 Milford Street
Salisbury
Wiltshire SP1 2BP
Tel: 01722 333306
Fax: 01722 332296
Website: www.tpos.co.uk
Email: admin@tpos.co.uk
You can get more information about the PCCB from www.propertycodes.org.uk.

PLEASE ASK YOUR SEARCH PROVIDER IF YOU WOULD LIKE A COPY OF THE SEARCH CODE

COMPLAINTS PROCEDURE

If you want to make a complaint, we will:

·Acknowledge it within 5 working days of receipt.
·Normally deal with it fully and provide a final response, in writing, within 20 working days of receipt.
·Keep you informed by letter, telephone or e-mail, as you prefer, if we need more time.
·Provide a final response, in writing, at the latest within 40 working days of receipt.
·Liaise, at your request, with anyone acting formally on your behalf.

Complaints should be sent to: Operations Director, Groundsure Ltd, Sovereign House, Church Street, Brighton, BN1 1UJ. Tel: 08444 159 000. Email: info@groundsure.com
If you are not satisfied with our final response, or if we exceed the response timescales, you may refer the complaint to The Property Ombudsman scheme (TPOs): Tel: 01722 333306, E-mail: admin@tpos.co.uk.
We will co-operate fully with the Ombudsman during an investigation and comply with their final decision.

8.Standard Terms and Conditions

Groundsure's Terms and Conditions can be viewed online at this link:
https://www.groundsure.com/terms-and-conditions-feb11-2019
